Sciences of Ukraine**

**SS of NULES of Ukraine
"Bobrovytsia college
of economics and management
named after O. Mainova"**

NATIONAL UNIVERSITY OF LIVE AND ENVIRONMENTAL SCIENCES OF UKRAINE

Dmytro O. Melnychuk, Rector of NULES of Ukraine, Academician of NAS and NAAS, the Hero of Ukraine

Bobrovytsia college of economics and management named after O. Mainova is a separate subdivision of one of the leading higher educational institutions of Ukraine - National University of Live and Environmental Sciences of Ukraine, headed by Dmytro O. Melnychuk, the Hero of Ukraine, Doctor of Biology, Professor, Academician of National Academy of Sciences and the National Academy of Agrarian Sciences.

National University of Live and Environmental Sciences of Ukraine has the fourth level of accreditation and trains masters, specialists, bachelors and junior specialists, candidates and doctors of sciences, ensures advanced training for specialists and provides the second higher education.

Now the University includes 10 educational and research institutes (Natural Sciences and Humanities; Plant Growing and Soil Science; Animal Husbandry Science and Aquatic Bioresources;

Veterinary Medicine, Quality and Safety of Animal Products; Business; Technical; Forestry and Park Gardening; Land Resources and Law, Nature Protection and Biotechnology; Postgraduate Education) which were formed on the basis of integration of closely profiled chairs, faculties, training and research farms, research stations,

problem

laboratories etc. The University also includes 12 regional higher educational establishments, 32 educational and scientific centres, 7 scientific and research institutes, 21 faculties and preparatory courses, 127 chairs, 3 research stations, 4 training and research farms.

According to the Resolution of the Cabinet of Ministers of Ukraine dated July 11, 2001, №278 in NAU the Military Training Faculty was formed on the basis of Military Training Chair.

Bobrovytsia college of economics and management named after Mainova is proud of being a part of the huge mechanism of National University of Life and Environmental Sciences of Ukraine.

FROM MAINIVSKY AGRICULTURAL AND HANDICRAFT SCHOOL OF THE FIRST GRADE TO THE COLLEGE

Educational building in Mainivka

April 4, 1875 – landowner Olexandra Olexandrivna Mainova, made her will

November 30, 1891 – the agricultural and handicraft school of the first grade was opened (named after O. Mainova)

August 1, 1911 – the educational institution was reorganized into agricultural vocational school

1918 – Vocational school became a technical school

1920 - Mainivsky technical school named after Timiriachev (had the status of technical school – higher educational institution)

1930 – Mainivsky zooveterinarian technical school.

1964 – Mainivsky state farm – technical school (formed on the basis of Mainivsky zooveterinarian technical school and pedigree state farm “Druzhba”) – according to the order of the Ministry of Agriculture of Ukraine, dated August 19, 1964, № 228.

1980 – Bobrovytsia state farm – technical school - according to the order of the Ministry of Agriculture of USSR, dated August 01, 1980, № 225

1997 – Bobrovytsia state agricultural technical school - according to the order of the Ministry of Agriculture and Food, dated February 03, 1997, № 24.

2004 – Bobrovytsia state agricultural and economic technical school - according to the order of the Ministry of Agrarian Policy of Ukraine, dated March 04, 2004, № 62.

2006 – Separate Structural Subdivision of NAU “Bobrovytsia agrarian and economic technical school” - according to the order dated January 19, 2006, № 20.

2007 – SSS of NAU “Bobrovytsia college of economics and management named after O. Mainova”. Order dated March 03, 2007, №110..

2008 – Separate subdivision of National University of Life and Environmental Sciences of Ukraine “Bobrovytsia

Educational building in Bobrovytsia

Farm. Building in Mainivka

college of economics and management named after O. Mainova” - according to the order of National University of Life and Environmental Sciences of Ukraine, dated December 15, 2008, №827.

Bobrovytsia college of economics and management named after O. Mainova is ALMA MATER of many generations of students and has 120 years of history.

Landowner O. Mainova started the educational institution, the highest point her philanthropic deeds being her will of April 4, 1875. She bequeathed her estate and 537,5 hectares of land in Kozelets district Chernihiv province and 128,9 hectares of land in Bobrovytsia district Moscow province for the opening of agricultural and handicraft school nearby Schasnivka.

Agricultural and handicraft school of the first grade named in honour of the will – maker Mainivska was opened nearby Schasnivka on the thirtieth of November, 1891 – 15 years after the landowner’s death.

On August 2, 1911 the school was reorganized into Mainivsky junior agricultural vocational school where they trained carpentry and blacksmithing, tobacco-raising and bee-keeping, repairing tools and machines.

Due to reforms in education, in 1920 the educational institution got the name of Mainivsky technical school named after Timiriazev. It became a higher educational institution – to study there only those who graduated from gymnasias and had the appropriate training were admitted. Highly qualified staff from higher educational institutions of Kyiv was invited for teaching activity.

In 1930 next reorganization took place – zootechnical specialities were advanced to the front line at the technical school.

The last pre-war event of graduation from the technical school occurred on June 30, 1941, and most of employees and students went to the fronts of the Great Patriotic war.

Studies at the zootechnical school were resumed in October, 1944.

True teachers helped students to be genuine people under any circumstances. First of all it is Ivan M. Tiutkalo – a real pedagogue, a teacher of chemistry, the author of 2 textbooks for special secondary educational institutions. Side by side with him the Khainatskies, H.K. Syniavska, N.O. Tolmachov, I.E. Ponomarenko, E.K. Krynytsky and many others worked – people who were selflessly devoted to their profession.

Leonid H. Yakovyshyn,
*Director of the technical
school, candidate of
economic sciences, the
Hero of Ukraine*

In July 1964 according to the Resolution of the Council of Ministers of USSR Mainivsky state farm – technical school was formed on the basis of Mainivsky zooveterinarian technical school and pedigree state farm “Druznbа” – it was renamed Bobrovysia state farm – technical school in 1980. Students had access to all the objects of the farm, labour posts were secured for them, they had the possibility to acquire the necessary skills to master advanced technology in animal husbandry under the guidance of specialists and experienced masters.

Many years of life were devoted to the educational institution by H.Y. Retta, N.O. Lykhoman, B.M.Borsch, V.I. Lebedko, P.I. Dmytrenko, N.O. Kurman,

V.P. Parkhomenko, M.V. Isaiev, V.V. Zmihrodsky, A.S. Mischuk, O.T. Tsykal, V.K. Didychenko, V.A. Konishevsky, Z. K. Bilous, H.I. Bezruk and many others.

In 1970 Leonid H. Yakovyshin became the Director of the state farm – technical school – now he is the Hero of Ukraine, professor of corn-growing, candidate of economic sciences. Competent, energetic leader immediately began to rally initiative, efficient specialists around himself. Changes at the technical school itself took place at the same time with the changes in different areas of production. At that time P.I. Kapinos and H.L. Kapinos, P.F. Matsak, E.I. Cherniakov, U.A. Babiichuk and N.V. Babiichuk,

N.S. Zmihrodska, H.O. Babych, I.E. Omelchuk and V.I. Norynska had the chance to show their abilities as teachers. In the pedagogical team there was created a favourable psychological climate which promoted successful overcoming obstacles and achieving good results in educational activities.

In 1972-1997 V.O. Cherniakova worked as the Deputy Director for Academic affairs – a competent, responsible leader, a person of restless disposition, efficient and principled, wise and humane.

On September 1, 1978 the state farm – technical school started functioning in the town of Bobrovitsia.

In 1990-1994 law department functioned at Bobrovitsia state farm – technical school.

In 1997 as a result of liquidation of Bobrovitsia state farm – technical school, Bobrovitsia state agricultural technical school was created and Anatoly B. Hordienko became its director.

Olha V. Hordienko, excellent worker of education of Ukraine, awarded with the order of Princess Olha, 3rd grade

Since 1998 the educational institution has been headed by Olha V. Hordienko – excellent worker of education of Ukraine, awarded with the order of Princess Olha, 3rd grade..

Cycle commission of technological disciplines

PRACTICAL TRAINING

*Mykola K. Hudzenko,
Deputy Director for
educational – industrial
training*

Excellent worker of education of Ukraine, teacher-methodologist with 40 years of experience Mukola K. Hudzenko heads educational-practical training at the college.

Practical training as an organizational part of educational process is carried out in the following directions:

- strengthening the role of classrooms, laboratories and collection-research fields in practical training of specialists;
- selection of basic farms with which the college has concluded agreements on

conducting practical training and tripartite agreements on training students and their employment;

- determination of students practical skills level through attestation in disciplines and practical training. Research work plays an important part in training junior specialists. It is carried out on the

basis of co-operation with NRI of NULES of Ukraine, institutes and research stations, in particular Institute of Agricultural Sciences of the National Academy of Sciences,

Chernihiv Institute of agro-industrial production of NAAS, Nosivka research-selection station.

- In addition to their main speciality students receive worker's professions: "Computer operator", "Secretary of the enterprise, institution, head", "Landscape", educational training in which students take in educational-scientific centre of biology, ecology, subtropical plants and landscape studies of NULES of Ukraine which is located on the basis of Nikitsky botanical garden.

1.5 hectares of different forms of flowering plants on the college territory serve as open laboratory where students learn ornamental plants, ways of their reproduction and care of them.

EDUCATIONAL WORK

Natalia O. Shapoval, Deputy Director for educational work

Teacher-methodologist Natalia Shapoval heads the educational work at the college.

Educational work at the college is carried out at the level of administration, methodological association of academic group curators, commission on prophylactic measures and delinquency prevention, students' self-government bodies, cycle commissions.

Significant part of measures directed at leisure organization has traditional character, among their number there are art reviews and contests, intellectual contests, competitive expositions and entertainment programs. Law educational activity is realized through students participation in the club "Femida", area studying – through their work in the council of the college history museum, cultural and educational activities – through the work in the women's club "Olvia". The maintenance of

law is accomplished by means of students' groups work providing backing up law and order on the territory of the college.

Nowadays 14 amateur art groups constantly work at the college, including academic choir "Yunist", the vocal ensemble "Prolisok", vocal-instrumental group "Nadia", folk dance group "Dzherelo", contemporary dance ensemble "Rhythm", compere-club, "Art club" and others.

Contests “The college beauty”, “Student of the Year”, “Your talents, the first-year student”, “KVN” (Club of cheerful and smart), leisure parties and expositions are carried out at the college every year.

Students participate regularly in the festival “Holosiivska Vesna”, contest “The beauty of the NULES”, where they represent their college in a proper way.

Student organization which unites all students takes an active part in the college life activities. The governing body of this organization in the student council which cooperates with the student council of NULES of Ukraine, settles the problems of social protection and organizes students’ leisure

SPORT-MASS ACTIVITY

*Vasyl P. Ptukha,
instructor of physical
training*

Educational and sports facilities necessary for physical training and mass sport events for students and employees are created at the college.

They include gymnasium, stadium, athletic grounds, tennis court, gymnastics camp, gym for training, room for wrestling, chess club, fitness club, athletic rooms in the hostels, medical aid office.

Senior teacher Vasyl Ptukha co-ordinates sport and mass work at the college.

District, regional and all-Ukrainian competitions in volley-ball, mini-football, basket-ball, table tennis are carried out on the sport base of the college. The main form of mass sport activity organization is conducting sports festivals, sport clubs activities and competitions among the students and the staff on the college.

Annual sports festivals including such sports as volley-ball, basket-ball, mini-football, table tennis, chess, draughts are very popular with students and teachers.

There are sections in valley-ball, basket-ball, table tennis, football, weight lifting, cross-country skiing, track and field athletics and wrestling. .

O.V. Korobka

Representative teams of the college participate regularly in competitions of district, regional and all-Ukrainian levels; they are winners of regional competitions in basket-ball, mini-football, wrestling, track-and-field athletics. Graduate of the college Olha Korobka is a repeated winner of championships of Ukraine in weight lifting, a silver medallist of European championship and the Olympic Games in Peking.

“Health care room” was opened at the college according to the resolution of the trade union committee and the student hostel council.

Attached to the gym, there is physical education office, aesthetically designed in accordance with the current program of the discipline.

Physical training and sports have a positive impact on shaping students’ characters, promote development of their willpower, courage, boldness diligence, teamwork and mutual assistance.

LIBRARY

Natalia O. Matveieva, head of the library

The library of the educational institution has been existing since 1891. During the World War II most of its funds was lost. At present the book fund has about 55,000 copies, annual supplement being on the average 700 copies. Every year 53 titles of periodicals are subscribed to, the total sum being about 20,000 hryvnias. There are 1050 registered users who are attended in a subscription department and reading hall. Teachers, students, specialists, college employees take advantage of using the library. In the library copying appliances and computers are installed – they are connected with the Internet. Natalia O. Matveieva has been the head of the

library for 35 years.

The library of the college is a scientific, educational, information and cultural - educational subdivision which performs library support of the educational process in accordance with the type of the educational institution.

One of the main assignments of the library is providing the educational process with educational and methodical literature.

The main tasks of librarians are::

- quality of the fund supplement;
- library and biographic-information attendance of readers;
- improvement of information-bibliographic service of the library;
- improvement of the professional level of librarians.

Revelation of the library information resources is the main target of librarians. To provide the educational process of full value the library staff organizes::

- bibliographic information (group and individual);
- reference-bibliographic service;
- library-bibliographic orientation of users.

The college library is an important component of the educational process. As a cultural centre the library takes an active part in the development of such important traits as humanity, patriotism, aesthetic tastes of contemporary youth.

Mass work of the library is considered to be a component of educational process system at the college. Efficient technologies of mass work appear to be readers conferences, thematic lessons, debates, oral journals, information days etc, which are organized and held by the library staff together with curators – such as

readers' conferences “Live and prosper, my native language”, “The singer of the enchanted Desna”; thematic lessons “Poets of native land”, “I will echo in generations”; oral journal “The glorious

Chernihiv land”, meetings with the poets of native region. information days, talks etc.

Book exhibitions, bibliographic reviews of literature, compiling of advisable lists literary works are organized and carried out to propagandize the book. Such book exhibitions are actual and present day: “Prominent Ukrainians”, “History and culture of Ukraine”, “To be healthy is in vogue”, “Nature and a human being”, “To know laws – to know rights”. “Glorious chernihivska land”, “Sources of morality”. Information stands are arranged, too.

OUR GRADUATES ARE OUR PRIDE

For 120 years of its existence the educational institution has educated about 16,000 specialists: animal breeders, agronomists, economists, accountants, zooveterinarians, lawyers, financiers, technologists being in their member.

Our graduates who became well-known persons, glorified the educational institution not only in Ukraine but abroad, too. They are: Heroes of Socialist Labour H.D. Dovzhenko, I.I. Loboda, M.I. Hrytsay, M.I. Sliozko, Y.M. Podvyh, Doctors of agricultural sciences M.P. Lytash, N.Y. Bushak, E.H. Podoba, O.I. Khimich, M.M. Kramarenko, V.D. Myloserdova, I.P. Bolhar, V.M. Rozhko, V.M. Artiukh, Honoured workers of agriculture I.S. Lytvynenko, V.M. Artiukh;

Honoured teacher of Ukraine V.P. Parkhomenko and many others. Our graduates do good deeds at work, and the pedagogical staff will be always proud of them.

History is created by people. Hundreds of different people worked and studied at our educational institution. Their surnames, names of many of them have not survived up to our days but a significant part of them is mentioned on the pages of our booklet. For 120 years its existence college has become an integral part of

native history. Having overcome the periods of

achievements and failures but not having lost the spirit of creativity and patriotism it has been keeping and multiplying the best traditions of agrarian education for many years. And

nowadays SS of NULES of Ukraine “Bobrovytsia college of economics and management named after O. Mainova” takes its rightful place in the educational system of the independent Ukrainian state, convincingly stating its role as a centre of qualitative and competitive education.

We are patriots of our educational institution, we are proud of its fame and achievements and try to multiply them. And we think that our college is the best, its achievements are the most significant and its teaching staff is the most experienced.

A part of a great deed of multiplying glorious traditions of the educational institution is being embodied in everyday routine work – here we highly appreciate professionalism and are able to work for a collective result.

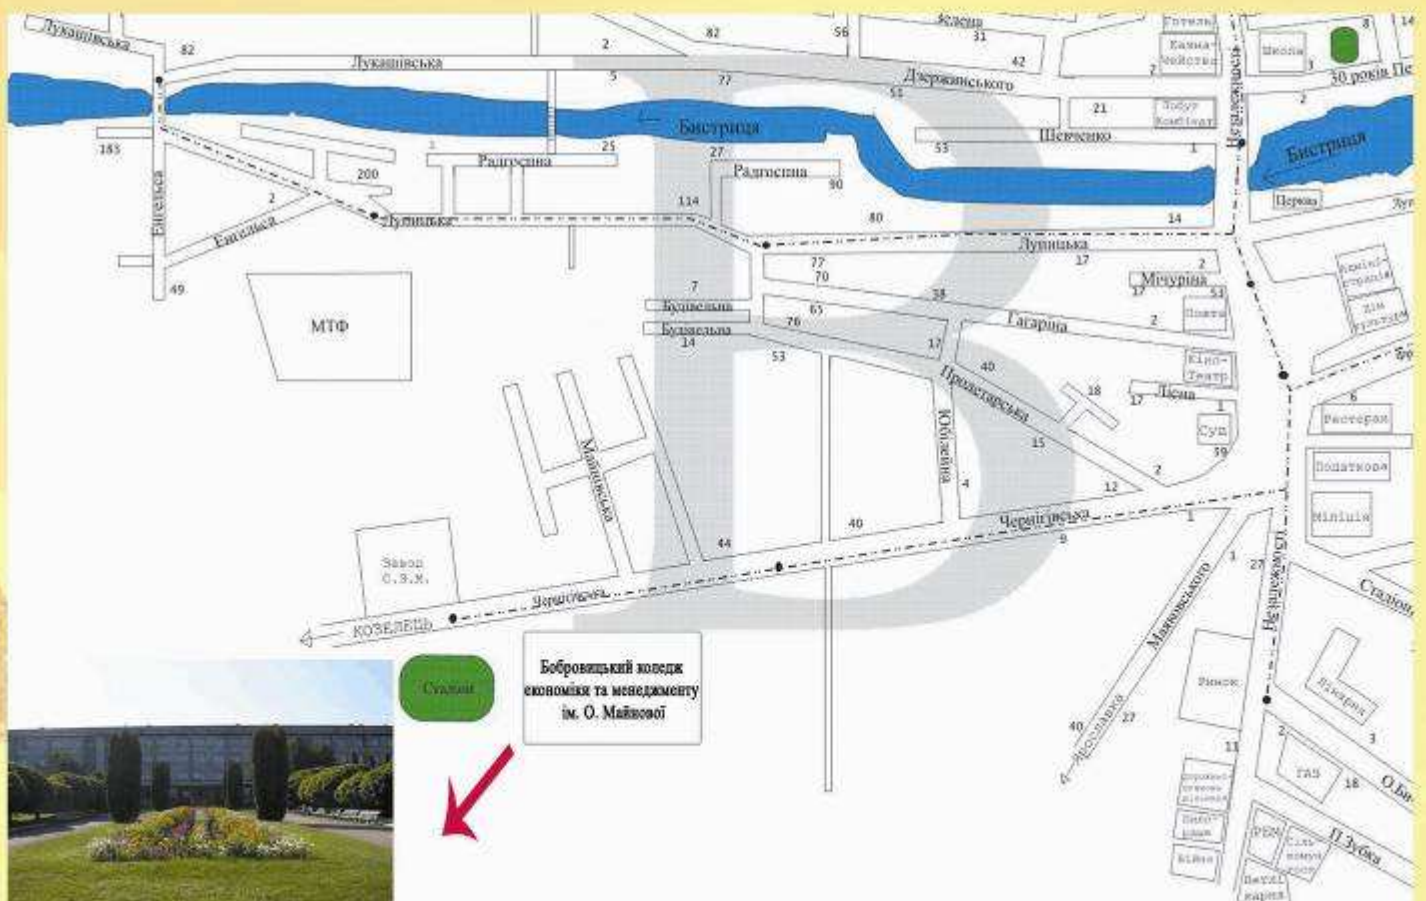

Ahead of us there is a great and creative work, interesting plans and projects.

Today college lives full life and advances into future with confidence.
